

Funding Our Mission  
The Legacy Fund  
October 19, 2020

A gift to St. John's of cash, stocks or in your will, goes to the Legacy Fund, unless otherwise specified. This fund sets aside "4% of the valuation each year for the Board to use for any purpose other than the operating budget, with the approval of the Fund Trustees". Unspent funds carry forward.

As of June 30, 2020 the Legacy Fund held **\$283,201**. With the 4%, plus carryover, we have **\$58,642** to spend in 2020-2021.

Three projects have been funded (**\$7700**) with more planned.

**\$1500. COVID-19 Tech Fund.** Equipment for streaming, AV production, staff working at home.  
Claire Wagner, Tech Team co-ordinating

**\$5000 COVID-19 Response Fund.** Available to teams and staff for supplies, alternate programming, new initiatives. Intentionally holding more than needed now, so funding is in place as our response evolves. Kathy Shell & Art Koehler, Security & Health Safety Team co-ordinating

**\$1200 Art Appraisal.** Funding for appraisal of the Bertoia sculpture in the sanctuary, Webber painting in the chapel, and McManus organ - for history and value of the art, plus insurance purposes.  
Sally Larson and Cliff Shisler, Property Team co-ordinating.

"Thank You" to past and future donors. Your support combines with others and grows, allowing us to fund our mission beyond the Operating Budget. It really is a gift that keeps on giving.

Linda Heath  
Finance Director
